

Pickleball Guidelines

Please follow the guidelines below to keep yourself, your family and anyone you encounter safe. Failure to adhere to these guidelines may result in court closures during the Governor's Phased approach.

- **Play at your own risk.**
- **Exposure:** If sick or exposed to COVID-19, stay home.
- **Masks:** Recommended while waiting, but not while playing.
- **Sharing the courts:** Pickleball is limited to one game, played to 11 or a maximum of 30 minutes if other players are waiting to use the court. If there are no other players waiting for a court, longer usage is allowed.
- **Recreational use only:** Courts are open for the limited time use of exercise and enjoyment of the public. Professional lessons are not permitted at this time.
- **Waiting:** Must be done outside of the courts at 6' minimum intervals marked along the fence. As people leave the courts, new players may enter.
- **Chairs:** You may bring your own folding chairs and place them at minimum of 6' apart while waiting in line to play. Do not share chairs or other equipment.
- **Finishing a game:** Both players need to exit the court when a game is finished.
- **Touching:** Do not touch racquets/paddles, bump elbows, or touch another person.
- **Congregating:** No organized or spontaneous social gatherings of any kind in or around the courts and the surrounding area.

Sanitation and Safety Recommendations

- Bring your own hand sanitizer and disinfect your hands before and after each game or as frequently as needed.
- Avoid touching multi-touch surfaces like gates, fences and benches. Do not touch your face.
- If you need to cough or sneeze, do so into a handkerchief, tissue or your elbow.

- Be responsible for your own safety and the safety of those around you.
